- ② Indigestion (499) (Gastro Enterostomy)
- ③ Fistula in Ano (550)

Statement of Case.

Note.—The answers to the following questions are to be filled in by the Officer in medical charge of the case. In answering them he will carefully discriminate between the man's unsupported statements and evidence recorded in his military and medical documents. He will also carefully distinguish cases entirely due to venereal disease.

- 9. Date of origin of disability. Sept 17th 1915
- 10. Place of origin of disability. Suola Bay
- 11. Give concisely the essential facts of the history of the disability, noting entries on the Medical History Sheet bearing on the case. In 1912 had gastro Enterostomy at Montreal. Had dysentery at front & fistula in ano. Was operated on for fistula in Malta October 20/15. Had 3 more operations for fistula at Wexley for the same trouble. Now suffers from incontinence at times when bowels are loose.

- (b) If you consider it to have been caused by active service, climate, or ordinary military service, explain the specific conditions to which you attribute it (See notes on page 3).

Old trouble made worse by Dysentery Active Service Exposure to Infection

13. What is his present condition?

Weight should be given in all cases when it is likely to afford evidence of the progress of the disability.

There is weakness in his anal sphincter so that he cannot be sure of retaining his faeces; which, however, he usually does. Feels weak from the dysentery. Has a scar of his operation about 9" in length. His stomach is still weak and he suffers from flatulence and heartburn.

14. If the disability is an injury, was it caused

- (a) In action?
- (b) On field service? ✓

If so—(a) When?

Operations on prostatic gland which has occurred some onset of dysentery, but first occurred during training.

17. If not, was an operation advised and declined?

18. In case of loss or decay of teeth. Is the loss of teeth the result of wounds, injury or disease, directly* attributable to active service?

19. Do you recommend

- (a) Discharge as permanently unfit, or

* Loss of teeth on, or immediately after, active service, should be attributed thereto, unless there is evidence that it is due to some other cause.

† Delete this word if no exceptions are to be made.

Opinion of the Medical Board.

Notes.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Commissioners of Chelsea Hospital should be in possession of the most reliable information to enable them to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pension vary directly according to whether the disability is attributed to (a) active service, (b) climate, or (c) ordinary military service. It is therefore essential when assigning the cause of the disability to differentiate between them (see Articles 1162 and 1163, Pay Warrant, 1913).

(iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

20. (a) State whether the disability is the result of (i.) active service, (ii.) climate, or (iii.) ordinary military service.

*Active Service -
Exposure to Infection*

(b) If due to one of these causes, to what specific conditions do the Board attribute it?

21. Has the disability been aggravated by

(a) Intemperance?

No.

(b) Misconduct?

No.

22. Is the disability permanent?

No.

23. If not permanent, what is its probable minimum duration?

Twelve Months

To be stated in months.

24. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present?

Total at present.

In defining the extent of his inability to earn a livelihood, estimate it at $\frac{1}{4}$, $\frac{1}{2}$, $\frac{3}{4}$, or total incapacity.

25. If an operation was advised and declined, was the refusal unreasonable?

Vide 16

26. Do the Board recommend

(a) Discharge as permanently unfit, or

Yes.

(b) Change to England?

WHEN REPLYING
NOTE NO. 569

To: Paymaster

With reference to your letter of Feb. 21st forwarding letter from Mrs. Browning in relation to matters concerning Jens Jensen, and dealing principally with the loss of exchange that he suffered by cashing his cheques in the States.

X I would state for your information that it would appear to be an oversight on the part of Jensen that he did not cash his cheques in Canada. It is thought that he could not have required the money so badly that he was forced to cash it in the States, and no responsibility can therefore be placed on this Department for his loss though it is very much regretted. X

I am returning Mrs. Browning's letter herewith.
