(ii.) Expressions such as "may," "might," "probably," etc., should be avoided.

(iii.) The rates of pension vary directly according to whether the disability is attributed to (a) climate, or (b) ordinary military service. It is therefore essential when assigning the cause of the disability to differentiate between them (see Articles 1162 and 1164, Pay Warrant, 1915).

(iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

20. (a) State whether the disability is the result of (i.) active service, (ii.) climate, or (iii.) ordinary military service. *No, represented by active service*

(b) If due to one of these causes, to what specific conditions do the Board attribute it? *✓*

21. Has the disability been aggravated by

(a) Intemperance? *No*

(b) Misconduct? *No*

(c) Any of the conditions mentioned in question 20, and if so, which? *(1) Active service*

22. Is the disability permanent? *Yes*

23. If not permanent, what is its probable minimum duration? *✓*

To be stated in months.

24. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present? *Total*

In defining the extent of his inability to earn a livelihood, estimate it at $\frac{1}{2}$, $\frac{1}{3}$, $\frac{2}{3}$, or total incapacity.

24a. Is the man suffering from a disability which would obviously, as far as you can judge, cause him to be rejected by an Approved Society under the National Insurance Act? *Yes*

25. If an operation was advised and declined, was the refusal unreasonable? *✓*

26. Do the Board recommend

(a) Discharge as permanently unfit, or

(b) Change to England? *Yes*
